STRATEGIES

- 1. About Placement Cell:** The Placement Cell organizes campus interviews by inviting various organizations for the placement of the student for jobs. It fulfils dual purposes, one for students securing their future career, another for the organization securing the best fresh talent available in the region to train and mould them for their long time need of the employees. The cell undertakes various activities of training and grooming of students in terms of conducting mock interviews, resume writing.
- 2. Placement Process:** Once an organization shows interest in recruitment from the Institute, the students are asked to register their interest for the job. Placement cell will try to get as much details as possible about the job profile. Only students who register for that particular job profile will be considered for the job opening and their names and CVs will be shared with the Hospitals. Once the names of students are submitted, student is not allowed to withdraw from the selection process. Organizations come for Pre-Placement Talk / Group Discussion / Written Test and the short-listed students are interviewed at the campus. Alternately, some organization select students based on their CV and may invite them for Group Discussions/Interviews at their offices.
- 3.** The placement activity is primarily managed by the Placement Committee headed by Chairman of the committee and Principal of Institute of Nursing with the help of other committee members.

The Broad Activities Undertaken by the Placement Cell are:

1. Inviting guest lecture regarding guidance and placement
2. Communication, networking and relationship building with the potential recruiters
3. Invitation to potential recruiters to visit the Institute.
4. Continuation of placement activities after the stipulated period, till all the students are placed.
5. Grooming and training of the candidates for the placements so that their chances of selection increase.
6. General follow-up, joining formalities and other administrative activities.
